Power Bank Manual
(TPB-B1405)

Please read this manual carefully to ensure the correct use of the product and keep it for future reference.

1. PRODUCT DIAGRAM

① Power Button

② LED Light

③ Type-C Input / Output

④ Micro USB Input

⑤ USB Output 1

⑥ USB Output 2

2. SPECIFICATIONS

Battery Capacity: 10000mAh/3.7V 37Wh

Battery Type: Lithium Polymer Battery

Battery Life: More than 500 charging cycles

Micro USB Input: 5V/2A

Type-C Input: 5V/2A

Type-C Output: 5V/2.1A

USB Output: 5V/2.1A

Product Size: 136.8 x 68.5 x 15.5mm

3. TO CHARGE THE POWER BANK

- Charge the power bank via supplied Micro USB cable or Type-C cable. Plug the USB connector into your charger and the Micro USB or Type-C connector into the power bank.
- When fully charged, disconnect the power bank.

4. TO CHARGE YOUR MOBILE DEVICE

- Plug the cable into the USB or Type-C port on the power bank, and connect the other end to your device.

5. WARNING

• It is normal to become slightly warm during charging / discharging.

• Keep away from heat sources, direct sunlight, moisture, water or other liquids.

• Do not expose it to high temperatures or direct sunlight.

• Do not store it in a car.

• Do not charge it under pillow or blanket.

• Do not operate it if it has been wet or damaged to prevent electric shock.

• Do not use it with wet hands.

• Do not open or dismantle it without authorization.

• Avoid intense impact.

• The power bank is not a toy, keep it out of reach of children and pets.

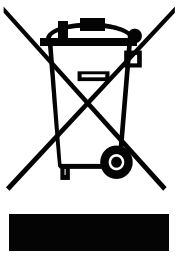

• Do not use it to charge other device while the power bank is being charged.

• Fully charge the power bank at least once every 3 months.

Note:

If you run into any exceptions during using, please stop use it immediately and contact our support team.

WARNING: Please read the Manual.

This symbol both in the product and its user manual indicates that the item should be disposed of separately from household waste. The item should be handed in for recycling in accordance with local environmental regulations for waste disposal. By separating a marked item from household waste, you will help reduce the volume of waste sent to incinerators or land-fill and minimize any potential negative impact on human health and the environment.
